

International Conference on Separation and Purification Technologies (ICSPT 2023)

7-8th December 2023

Indian Institute of Technology Patna
Chemical and Biochemical Engineering Department

Images related to research, taken with a microscope or normal camera may be submitted through the link provided below. Submissions may include experimental setups, laboratories, equipment, microscopic images, etc. The photograph needs to be related to the theme of the conference, i.e. anything that maybe linked to separation and purification processes; techniques used in purification, sample preparation or intermediate stages, analytical methods used in the process, feed samples, materials used for separation, equipment, microscopic image of separated or purified contents, crystal images, etc. Only original images taken by the competitors who retain the copyright of the image will be considered for the competition.

Details of the competition are as follows.

Rules:

1. Submissions may include experimental setups, laboratories, equipment, microscopic images, etc. or any other image and photographs need to be relatable to the conference theme.
2. To submit a photo, upload your photo with following details in the provided google form:
 - 2.1. File name should be your “first name_sur name.”
 - 2.2. A small caption of photo (not more than 8 words).
 - 2.3. Explanation about the photo (less than 70 words).
 - 2.4. Where photo has been taken (Location / institute).
 - 2.5. Instrument details (Phone/Camera/Microscope/any other imaging device and their model number).
3. Images should be no larger than 5MB (minimum resolution should be at least 1280 x 720 pixels).
4. Images should be JPEG or PNG files. All images must be saved in the sRGB colour model.

5. Only electronic copies will be accepted.
6. Submission entry is free.
7. Only one submission can be made per person
8. Entries must be submitted by 15th August 2023 - 23.59 PM IST.
9. There are two categories for prize; the first category is based on likes on social media platform (one prize with the highest number of likes); the second category has two prizes decided at the conference event.
10. The individual photographs will be uploaded on our Twitter, Instagram, & Facebook handles (link will be provided) and the cumulative likes obtained for the images will be counted for the prize.
11. Only likes/responses obtained to the images between 1st July 2023 to 30th September 2023 will be counted for the prize.
12. For the second category, feedback will be taken from the participants attending the conference.
13. For the avoidance of doubt, the following imagery is not permitted:
 - 13.1. All photos that were shot wholly or partly by others.
 - 13.2. Imagery generated or edited using AI.
 - 13.3. Image with elements such as skies or backgrounds added using software packages.
 - 13.4. Imagery found on the internet that is not yours, including stock images, whether or not you purchased them and whether or not they are Creative Commons or free-to-publish imagery as found on various sites.
 - 13.5. Screenshots or photographs of other people's work.
 - 13.6. Screenshots of mobile phones that include multiple images and other non-photographic elements alongside the main image.
 - 13.7. Contain any infringing, threatening, false, misleading, abusive, harassing, defamatory, vulgar, obscene, scandalous, inflammatory, pornographic, or profane content.
 - 13.8. Contain any material that could constitute or encourage conduct, which would be considered a criminal offence, give rise to civil liability, or otherwise violate any law.
